

URKAYA

EXCLUSIVE

COMPANY PROFILE

Mission of Urkaya Exclusive

We aim to make the very valuable handcrafted furniture art sustainable, which we do not want to decrease in value, in our sector, which has started to fabricate production day by day.

In our store, which offers a living space for this art in order to balance the supply and demand, we bring our emotions and sectoral professional experience together with our customers.

We aim to see sustainable art in your living spaces more often, and to share precious furniture with your precious life.

URKAYA EXCLUSIVE TIMELINE

URKAYA IS BORN
(May 10th)

Opening of the first physical store of the boutique production Urkaya Exclusive brand.

2016

Interior Design Services

Starting to carry out special project works from the production of collection furniture

2017

Introduction to the American Market

The first export of our products was made to America. A capsule collection started for a store in New York.

2018

Introduction to the Middle East Market

Turnkey projects started to be carried out in the Middle East region, which we are culturally familiar with.

2018

Key Turn Project

In addition to its furniture collection, carpet, chandelier and curtain models have been added to its product range and turnkey works have started.

2019

Introduction to the African Market

In line with the demand, we met customers who wanted quality furniture from the African market and created new sales points for ourselves in the African market.

2021

Collaborations

Due to the expansion of our production network, we started to work as the manufacturer of interior architecture companies operating abroad, apart from our own brand, and we started to implement the incoming projects.

2021

Office Projects

DWe expanded our production in office projects. We undertook the project and production of 9 office designs in 11 local and global offices.

2022
